## Trailers are Standard Equipped with:

- ▶ New 7.00 X 15, 8 ply highway tread tires.
- ▶ 4" x 8" x 1/4" main beam 31' long.
- ▶ 2 brackets that are adjustable up and down, in and out, and forward and back.
- ▶ Adjustable heavy-duty axle.
- ▶ Enclosed sickle storage.
- ▶ Heavy-duty jack.
- ▶ Drop pin hitch.

Standard trailer.

## Options Available are :

- ▶ Additional standard brackets.
- ▶ Flex head attachment.
- ▶ Bar with pockets (needed for some corn, all-crop and pick-up heads).
- ▶ 2" ball coupler with safety chains.
- ▶ 4-wheel option.
- ▶ All options can be added at any time to any trailer.

**Trailer equipped with optional flex head attachment, pockets, and ball hitch.**

**All trailers and optional equipment are painted black.**

**Fully equipped trailer with wide front, 4 wheel option.**

## Narrow front 4 wheel option for Combine Header Trailers.

Trailer equipped with narrow front 4 wheel option.

Each wheel oscillates independently.

- ▶ **Gooseneck Design - Wheels will turn past 90 degrees for sharp turns.**
- ▶ **Each wheel can oscillate independently over rocks, holes, furrows etc. while keeping both tires on the ground... allowing for a smoother ride and less stress on spindles.**
- ▶ **Easily converts our 2 wheel header trailer to a 4 wheel trailer with only 3 bolts.**
- ▶ **Comes standard with 7.00x15, 8 ply highway tires.**
- ▶ **Each hub and spindle is rated for 3500 lbs.**
- ▶ **Has a drop pin hitch.**
- ▶ **Built heavy-duty with 3/8 wall tubing.**
- ▶ **Painted black and decaled.**
